

## "Farm Animals, Crops and Vegetables"

As you know, a farmyard is a place with lots of animals and crops and vegetables. But of all farm animals, the only one I know is our neighbour's rabbit. Do you remember that when reading [Barry's Adventure](#) ?

In the following game, help me look for names of animals, crops and vegetables to be found in a farmyard.

To make it easier, **print** this page. Good luck!
